Before placing your order, please inform us of anyone with food allergies at your event. We are not a nut or dairy free kitchen.

The Greening of our Catering

In an effort to reduce environmental waste and make steps toward the greening of our catering operation, we are planning a move to biodegradable utensils for our catering. As this involves a significant cost increase especially for cutlery, we will be charging a 25-cent surcharge per person for customers requesting individual utensils. This may encourage our repeat customers to maintain their own permanent sets of cutlery and plates, which is in fact the greenest solution!
